Sponsor A Team Today...Support Kids Tommorrow

The South London Baseball Association Inc. (SLBA) was established in 1980. Since then we have provided hardball and softball programs for over 20,000 youth in the community of South London. Each year we aim to provide program opportunities for area youth that are affordable and of a high quality to support athletic development in a fun and community focused environment.

To accomplish this we rely on sponsorships from businesses and community groups such as yours. In fact, we believe so strongly in only providing affordable and quality programs that we will ever only put sponsorship dollars toward program costs and never administrative fees. This means that you can rest assured your valuable money is going directly where you want it: to the kids and families in the community. All money raised through sponsorships is applied directly to a specific team to bring down the registration cost and contribute to the purchasing of better, higher quality equipment. By doing this we ensure you are getting what you pay for and the kids are receiving the best program we can provide.

Ensuring our kids have a fun and supportive place to play that is affordable for all, is something we value. If you value it too, please contribute in whatever way you can. The sponsorship levels to the right are completely customizable to fit your needs and we can discuss alternative options with you. Remember your support today helps put kids into sports programs that will not only provide them a summer opportunity but support them to become responsible and caring adults tomorrow. So why not sponsor a team today??
